		Management	program conducive to student learning and staff professional
			growth

Effective September 1, 1999, individuals who have not completed all requirements for the Lifetime Superintendent Certificate will be issued the Standard Superintendent Certificate that must be renewed every five years. Current holders of the Lifetime Superintendent Certificate are not required to participate in the renewal process but may voluntarily choose to do so. The renewal process for superintendents, principals, and assistant principals includes obtaining 200 hours of continuing professional education (CPE) credit every five years. The local school board will be notified at the end of a five-year period of any employed superintendent participating in the renewal process, as required or voluntarily, who has not met renewal requirements.

Complete information on SBEC rules for educator certificates and renewal requirements for superintendents, principals, and teachers can be found on the Texas Education Agency's website, www.tea.state.tx.us.
